DISCUSSION IN THE SENATE

Resolution to Allow the Commissioners the Privileges of the Floor Tabled by Vote of 36 to 21.

Washington May 21—At the request of the committee on privileges and elections the resolution relating to the Montana senatorial case was postponed until Thursday, at 1 o'clock

The resolution offered on Saturday by Mr Allen (Neb) extending to the Boer delegates now in Washington the privilege of the floor was taken up and was debated by moving to lay the resolution on the table The motion was agreed to, 36 to 21 as follows

Yeas—Allison Baker Burrows Clark (Wyo) Davis Fairbanks Foster Gallinger Gear Hanna Hansbrough Hawley Hoar Kean Kyle Lindsey Lodge McBride McComas McMillan Morgan Nelson Perkins Perkins Pettus Platt (Conn) Platt (N Y) Pritchard Sewell Scott Shoup Stewart Thurston Wolcott—38

Nays—Allen Berry Butler Caffery Clay Cockrell Daniel Harris Heitfeld Jones (Ark) Kenney Mason Money Pettigrew Rawlins Teller Tillman Vest Wellington—21

Consideration of the postoffice appropriation bill was resumed, but Mr Tillman in a brief speech declared the voting down of the resolution was a cowardly thing to perform

Mr Hoar replying said

No man has a more hearty admiration for the Boer republics or a greater sympathy for their gallant fight than I have It is the best fighting done on this planet since Thermopylae and no [illegible]

[illegible] Under our constitution and customs the function of recognizing and receiving diplomatic agents belongs primarily to the president If we admit to the floor of the senate these gentlemen in their official capacity we are extending to them recognition by the senate as representatives of a power not recognized by the president

Does not the senate believe, inquired Mr Tillman that it is the duty of the United States which has brought on our war of conquest, the disgraceful attitude which we occupy in the eyes of the world that has paralyzed the honest American love of freedom and of patriotism?

I am bound to say replied Mr Hoar that I believe the attitude of the country with reference to the people of the Philippines has throttled any [illegible] which ought to go out to the Boer republic

The amendment of Mr Lodge for the appropriation of $100 000 to cancel existing contracts for the pneumatic tube service the service to be discontinued until congress had taken further action was then agreed to [illegible] the postmaster general to make an investigation of the pneumatic tube service and report to congress whether it would be advisable to continue the service as at present discontinue it or have it acquired by the government

OFFICIAL STATEMENT OF WHAT HAY TOLD ENVOYS

Washington May 21 [illegible] passed between the secretary of state and the Boer envoys this afternoon [illegible] be exactly known [illegible] meeting has been after lasting an hour the Boers in departing stated to a number of anxious newspaper men that they had and could have nothing to say as to what happened For his part the secretary of state was more communicative but before making any statement made his way to the White House and consulted the president Then he gave out the following statement by the secretary

Messrs Fischers Wessels and Wolmarans the delegates in this country of the South African republics called today by appointment at the state department They were cordially received and remained with the secretary of state for more than an hour They laid before the secretary at much length and with great energy and eloquence the desire of the Boer republics that the United States should intervene in the interests of peace and use its efforts to that end with the British government

The secretary of state made the following reply

The president in his message to the congress last December said this government has maintained an attitude of neutrality in the unfortunate conflict between Great Britain and the Boer states of Africa We have remained faithful to the precept of avoid entangling alliances as to affairs not of our direct concern Had circumstances suggested that the parties to the quarrel would have welcomed the tender of our good offices we would have felt bound to offer them but the situation was not such as to make it seem to us that any such tender was in the present state of affairs in South Africa a public duty or even an act of friendship

Informed that the United States was the only government in the world of those addressed by the South African republics which tendered its good offices to either of the combatants in the interest of cessation of hostilities

As allusion has been made to The Hague conference and as action had been suggested based upon a belief that it might be in accordance with the spirit of that convention for us to quote a phrase from Article III which states

[illegible] have the right to offer good offices or mediation even during the course of hostilities and article V which says The functions of the mediator are at an end when once it is declared either by one of the parties to the dispute or by the mediator himself that the means of reconciliation proposed by him are not accepted This would seem to [illegible] the United States inadvisable under existing circumstances.

The steps taken by the president in his earnest desire to see justice to the strife which has caused so much suffering may already be said to have gone to the extreme limit permitted to him Indeed it is in his discretion he had chosen not to present to England the South Africa request for good offices he might have justified his action by referring to the following declaration which was made in the very lengthy Hague convention by the plenipotentiaries of the United States

Nothing contained in this convention shall be construed to require the United States to depart from its traditional policy of not intruding upon interfering with entangling itself with the affairs of political or internal administration of any foreign states nor shall anything contained in said convention be construed to imply a relinquishment by the United States of America of its traditional attitude toward purely American questions

The [illegible] in the sincere desire of all the people of the United States that the war which is now afflicting South Africa may for the sake of both parties engaged come to a speedy close that having done his full duty in preserving a strictly neutral position between them and in seeking itself for tendering his good offices in the interests of peace he feels that in the present circumstances no [illegible] open to him except to persist in the policy of impartial neutrality To depart from this would be contrary to all our traditions and all our national interests and would lead to consequences which neither the president nor the people of the United States should regard with favor

Lord Pauncefote called at the state department while the Boers were conferring with Secretary Hay He [illegible] the room and there displaced Gen O Brien who also had been waiting to see Secretary Hay

The ambassador was not kept long for in the course of five minutes the Boers left and he was admitted to see the secretary.

DEBTOR AND CREDITOR

Important Decision Rendered by United States Circuit Court of Appeals in San Francisco.

San Francisco May 21—United States Circuit Judge Morrow, sitting with Judges Gilbert and Hawley as the United States circuit court of appeals rendered an important decision today laying down the law on a debtor and creditor

The case was that of Edward Forsyth against Marshall Field & Co trustee of the estate of Aiken & Co, of Chicago. The point at issue was whether a creditor receiving from a debtor a payment on account in the months prior to the debtor going into insolvency was to be debarred from asserting his claim because of such payment

Judge Morrow's decision was to the effect that in such a case the creditor Marshall Field & Co could have made his claim against the bankrupt and take their chances with the other creditors or keep the money that was paid and receive nothing further from the bankrupt estate

The judgment of the lower court was accordingly reversed and the case remanded with directions to disallow the claim of Marshall Field & Co

Judges Gilbert and Hawley concurred in the decision

MR. BECKHAM IS GOVERNOR

Supreme Court Declines to Interfere With Kentucky Case.

CELEBRATION AT FRANKFORT

Wild Demonstration on the Part of Democrats Taylor's Soldiers Were Promptly Withdrawn.

Governor Taylor late in the afternoon issued the following order:

To Gen D R. Collier, Frankfort, Ky:

"The supreme court of the United States having decided in favor of Mr Beckham nothing remains now to be done except to disband and surrender your office to your successor, appointed by Mr Beckham You are therefore directed at once to dismiss the militia and to surrender your office to your successor as soon as the mandate of the supreme court is filed or sooner, if you wish. Tender the militia my kindest regards and sincere thanks for their loyal, manly and patriotic service

W. S. TAYLOR."

Washington May 21—The United States supreme court today decided the Kentucky governorship case in favor of Governor Beckham, dismissing the writ of error from the Kentucky court of appeals The opinion was handed down by Chief Justice Fuller and a concurring opinion was delivered by Justice Harlan Justices Brewer and Shiras also dissented from portions of the opinion.

After reviewing the facts in the case Chief Justice Fuller said 'It is obviously essential to the independence of the states and to their peace and tranquillity and to their power to prescribe the qualifications of their own officers, the tenure of their offices, the manner of their election and the grounds upon which the tribunals before which and the mode in which such elections may be contested should be exclusive and free from external interference except so far as plainly provided by the constitution of the United States and where conflicting claims over the election of state officers have reached the state courts in the manner provided and have been determined in accordance with state constitutions and laws the cases must necessarily be rare in which the interference of this court can be properly invoked"

The chief justice then reviewed the cases of Pennoyer vs Neff, Thayer vs North Carolina, Junard vs. Louisiana and Foster vs Arkansas, and continued

"The grounds on which our jurisdiction is sought to be maintained in the present case are such as in the opinion of the court are not such as to the effect in substance

"First—That the action of the general assembly in the matter of these contests deprives the plaintiffs in error of their offices without due process of law

"Second—That the action of the general assembly deprives the people of Kentucky of the right to choose their own representatives secured by the guarantee of the federal constitution of a republican form of government and of their political liberty without due process of law

"For more than 150 years the constitution of Kentucky has provided that the lieutenant governor shall be determined by the general assembly In 1896, by a committee to be selected from both houses of the general assembly and framed and [illegible] in such manner as shall be directed by law since 1850 by both houses of the general assembly [illegible] such regulations as may be established by law

"The highest court of the state has often held and in the present case has again declared that under their constitutional provisions the power of the [illegible] is not open to judicial review (Authorities quoted here)

"[illegible] of carrying the provision of the constitution into effect has been in existence in substance since 1792, and many states have similar constitutional provisions and similar statutes.

"We do not understand this statute to be objected to in any manner as noxious to constitutional objection, but [illegible] of the general assembly under the statute under the judgment of the [illegible] that action.

"After the chief justice had concluded Justice Brewer and Harlan read opinions dissenting from the opinion of the court Justice Harlan entirely and the others on certain points. Justice Harlan in his dissent quoted with approbation the decision of the court in which this court has no jurisdiction to inquire whether the election has been decided, without due process of law, of an officer held under the constitution of a state If the contest holding the office and trying to oust it is between persons in a proper court it appears that whether that state [illegible] cannot interfere for the protection of the incumbent even if the final action of the legislature was wanton, capricious and arbitrary, inconsistent with the recognized principles that lay at the bottom of due process of law and not based in any degree on the evidence taken in the contest. If the Kentucky legislature had wholly disregarded the mode prescribed by the statutes of that state and without appointing a board of contest [illegible] joint resolution simply declared Goebel to be governor and especially if such action had been held by the highest court of the state to be [illegible] and courts as we are informed by the decision just rendered would be without jurisdiction to protect the incumbent for the reason as is now adjudged, that the office in dispute is not properly within the meaning of the fourteenth amendment

"So that while we may inquire whether the citizen's land or his money have been taken from him by the legislature [illegible] of law we may not inquire whether the legislature or judicial authorities of a state have, without due process of law, ousted one lawfully elected and holding the office of governor for a fixed term with a salary which can not be diminished during such term, and put into his place one who [illegible] said should not exercise the authority appertaining to that high position. When the fourteenth amendment forbade any state from depriving any person of life liberty or property without due process of law it was supposed that the purpose was to guard citizens against being deprived of any legal right in violation of the fundamental principles that inhere in due process of law"

STATE CAPITOL PROMPTLY SURRENDERED BY TAYLOR

Frankfort Ky May 21—The announcement of the court's decision at Washington in the governorship contest was received here with the wildest demonstration on the part of the Democrats.

The fire bells were ringing cannons booming and the city was put in holiday attire in honor of Governor Beckham A touching incident of the day occurred this afternoon when 200 people marched to the cemetery each wearing a flower, which was cast upon the grave of the [illegible] mound which marks his resting place a [illegible] bank of flowers [illegible] by Rev T. F Tailferro of the Methodist church

This afternoon the Taylor soldiers who have been in charge of the state capitol building and grounds since January 30 the day Governor Goebel was assassinated evacuated and turned the state grounds, the Gatling guns and military impedimenta over to Adjutant General Murray (Democrat)

The Taylor men as before giving up their sovereignty on the state capitol square were lined up by Adjutant General Collier who formally notified them he had orders from Governor Taylor to dismiss all the soldiers and that the evacuation would begin at once.

The next hour and at 5 o'clock special coaches backed up in front of the state capitol [illegible] left cheers were given for the deposed governor, W S Taylor ex Governor Bradley, Charles Finley, Caleb Powers and others.

GOVERNOR MOUNT REFUSED KENTUCKY REQUISITION

Indianapolis, May 21—Charles Finley, [illegible] arrested here tonight for complicity in the murder of ex Governor Goebel positively refused to honor the requisition from the governor of Kentucky and ordered the release of the accused

The requisition papers were issued by Governor Beckham of Kentucky, immediately upon receipt of the news of the decision of the supreme court of the United States and were brought here by a police officer of Frankfort

Governor Mount's refusal to honor the requisition was written on the back of the [illegible] papers and was [illegible]

"To within application for the extradition of Charles Finley is hereby refused this 21st day of May 1900."

After it became known that Finley had been arrested and lodged in jail state officers and the chairman of the Republican state committee held a conference in the lobby of the Denison hotel and sent representatives to Governor Mount's room In a short time the announcement came that Governor Mount had refused to honor the requisition

When Governor Mount was handed the requisition he asked to be shown the indictment

"What was the composition politically of the grand jury that found this indictment?" he asked

The Kentucky officer replied that he did not know.

"Were not all the members Democrats but two?" the governor asked.

He was given the same reply after which the governor said emphatically

"I shall not honor this requisition [illegible] cannot give you my reasons. I shall simply indorse that the requisition has been refused"

"When the proper time comes I will give an explanation for my refusal which will be satisfactory to any fair minded person

"The charge that I am protecting Republican refugees of Kentucky is not true, in the matter [illegible]

W S Taylor left Kentucky arrived here this afternoon on the [illegible] railroad and got off at the siding some distance from the station He cannot be located, though it is believed he and Finley met each other at midnight.

MINING NOTES AROUND TOWN

The return of Mr. Reed to W. S. Stratton and Verner Z. Reed accompanied by Fred G. Baker all from London, has caused much interest in mining circles, and a general sense of disappointment at the announcement of all of them that the Venture corporation is not preparing to float a gigantic company which will buy up Cripple Creek properties. This myth has been accepted as a plausible possibility. All of the gentlemen report a good interest being taken in Cripple Creek mines and that the sale of Stratton's Independence has been concluded to the satisfaction of everyone concerned. Mr. Baker says that the big Cripple Creek mine is one of the ten largest on the London market and that the stockholders who invested in it have made handsomely on their investment as the price has now advanced to £3 per share.

Mr. Baker, representing the Venture corporation and who is here to personally examine the Stratton's Independence mine denies the statement that he has come to negotiate for any of the Cripple Creek properties. Perhaps the only thing of most interest to local mining people is the unanimous statement of all three of these gentlemen, that Cripple Creek is beginning to be appreciated in London as a true value, as one of the really great gold mining camps of the world.

MONARCH COMPANY NOW READY FOR ACTIVITY.

After the Monarch company had decided to sell its scattered holdings and retain its best claim, the Minnehaha, on Raven hill, it also decided that part of the proceeds should be expended by the developing company account of the claim. This determination has now taken form in the installation of a large new plant of machinery on the north half of the claim, the Monarch company being at work on the south half. The plant consists of a 60 horse power boiler and a hoist which will be used to work the shaft until it reaches a depth of 500 feet. The shaft on the half of the claim is now down [illegible] feet, in which work [illegible] cross-cut in the Simpson vein which is supposed to cross the property. [illegible] feet in length of cross cutting will be finished. The Monarch stock was somewhat stronger in demand yesterday.

ANOTHER PROSPECT LISTED ON THE "OLD EXCHANGE"

Still another stock has been added to the prospects listed on the Colorado Springs mining stock exchange. The Cripple Creek and Georgetown Gold Mining company was represented put on the boards and called for the first time, there being [illegible] cents bid for the stock and no offer. This company owns claims located in both Cripple Creek and Georgetown and has been in existence [illegible]. It is capitalized at $1,000,000 and there are 900,000 shares in the treasury. The total area of the company's holdings in Cripple Creek includes the following claims—the Burrell Gold and Silver Claim, Fidna Extension, Grand View, [illegible] and Gold in Purple [illegible] Creek the Lucky No. 7 and Coal No. 2 on Tenderfoot hill, the Aegis No. [illegible] and Hosmer on Pike's Peak and Bald Eagle mountain. The directors in charge of the property are all practical men. All three claims located in the Cripple Creek district are in process of patenting and there is no litigation of any kind pending. The greatest amount of development work has been done on the Burrell claim, the main shaft on that property is down 400 feet with 600 feet of cross cut running [illegible] feet. There are ore shoots opened and stoped [illegible] feet and in the winze below the water level. On the Lucky No. 7 claim in Cripple Creek there is a shaft 80 feet deep and a drift along the vein [illegible] bottom and there has been development work and trenching in some of the other claims. The properties have produced about $19,000 so far and the production last year was about $1,000. The officers of the company are George C. Howell, president, Charles S. Wilson, secretary and [illegible] R. Lane, treasurer. With the transfer office in No. 9 Deadwood building.

THE ENOLA COMPANY NOW REORGANIZED.

The Enola company, a control of which was recently secured by the Wells Investment company of Victor, has been reorganized as the Enola Consolidated company. The new company owns the Silver Tip, which was the property of the Minnehaha company and the Hoosier and Henry Clay claims. Several known veins cross the [illegible] properties and work which will be prosecuted on the claims will yield splendid returns which can be easily traced as one of the veins upon which the impress has [illegible]. This is the Wild Horse vein which crosses the Silver Tip. As all the claims lie together near the top of Bull hill they will be worked through one central shaft probably the Gleason shaft, which is being pushed to connect with the Trail tunnel. These properties adjoin the property of the Consolidated Gold Mines company controlled by the Woods, and also the New Zealand claim which was recently bought by the Magnolia company and controlled by the big investment company. As the properties of the Wells company lie in such a good position and as they are going to be exploited in such a thorough fashion, it seems not unlikely that the Bull Hill Consolidated company will develop into one of the big propositions which have made the Woods Investment company famous.

TESSES SHIP AGAIN FROM THE KIMBERLLY.

Another shipment has just been marked [illegible] Kimberley company on Beacon hill, under lease to Isaacson and others. This consignment consisted of 40 tons which is estimated to return two and one half ounces to the ton. This ore is not the highest grade that the lessees are getting, but there is every appearance to believe that there is enough of this grade to allow the lessees to maintain steady shipments. The rock is coming in at a depth of about 10 feet from the surface.

RETURNS RECEIVED ON A PROGRESS SHIPMENT.

Returns have been received from two test shipments recently sent out from the Lakland lease on the Gold King of the Progress company. A good ship[illegible] contained in the [illegible] parts [illegible] and the returns of the trial shipments have been awaited with much interest. Two lots were sent out, one of two and the other of three tons which were settled for at the rate of [illegible] for the latter. The shoot is reported to be holding out well.

IRONCLAD REPORTED TO HAVE SOLD PROPERTIES.

A report was in circulation yesterday that the Ironclad M. & M. Co. has sold its properties for $125,000. The company owns the Ironclad and Paradise patented on Ironclad hill and the Big Thing and White Lead claims in the process of patenting on the same hill. The property has yielded a production of $[illegible] and in line with a good many of the properties that have been purchased lately. It is quite possible that a deal has been made for the properties at the price named.

MR. W. P. WIGHT'S DEATH A SHOCK TO BROKERS.

The Gazette announces with deep regret the death of Mr. W. P. Wight [illegible] of the Colorado Springs mining stock exchange. The call came between 4 and 5 o'clock yesterday afternoon and was a shock to all of his [illegible]. Even the worst were not prepared for it. Mr. Wight represented the firm of Connell, Wight and company on the floor of the exchange and not only will his loss be keenly felt on the exchange but it takes away from mining circles in this city one of its most prominent members.

RUMORS THAT ACACIA MAY SELL A CLAIM.

There were rumors abroad yesterday in connection with the Acacia that it might sell one of its claims and that the activity of the stock was attributable to that possibility. No information in regard to this can be obtained from the officers who maintain a reticent silence and it will be readily understood by the public that if the officers are negotiating for a deal they cannot afford to make the matter public and they would be justified in denying all the rumors if a deal as false. It seems quite unlikely [illegible] sell all its holdings for $500,000 however [illegible] intention of doing as the stock is at present selling just that basis and the price of the stock is generally conceded to be depreciated. The company owns two of the important claims on Bull hill—the Burns ten acres lying just south of the Isabella and the Morning Star also ten acres between the [illegible] and the Blanche properties. It is generally thought however that one of the claims is for sale at [illegible] and if such a deal should be put through it would make the stock worth double the price at which it is selling now.

PHARMACIST LEASES

Joseph S. Visger Gets Control For Two Years—Shipment From the Clara D.

Special to the Gazette.

Cripple Creek, May 21.—The Pharmacist was leased for a term of two years by Joseph S. Visger. During the life of this lease [illegible] sink the main shaft 200 feet. He will have to pay a royalty of [illegible] per cent. A compressor is to be put in at the property and work will be commenced immediately.

[illegible] from Detroit, Mich., and represents some of the wealthiest people of that city. He is operating a lease at present on the Cresson group on Bull hill.

The Clara D. of the Lexington group made a shipment of 800 pounds today. There is a body on the Mabel M. proved to be eight feet in width. Drifting was started north and south on this property today. The gross value of the product of last year was $[illegible]. The ownership of this and the adjoining [illegible] is in the hands of Denver people.

[illegible] a block of the Bonanza in Bull hill. This lease will sink an adjustment shaft 4½x8 feet and [illegible] feet. A compressor has been ordered for the Mabel Clare and the main shaft is [illegible] which it will be put down to the 800 foot point. The ore bins have already been completed but no attempt will be made at production for the present. The [illegible] will be erected and the ground will eventually be worked through the deep working of the Wells shaft.

[illegible] water in the upper shaft of the property [illegible] has now been gotten in order and a section is now being cut [illegible] level.

The Lightner Mining Co., leasing on the south end of the Portland, is shipping 60 tons of five ounce ore. Spencer Penrose denies the purchase of the Independence on the north end of this claim.

John Isabel, the lessee on the Quantum on Beacon hill, will ship two carloads of three ounce screenings the latter end of this week.

The Economic mill has purchased a concentrating plant with Wiley table which will be installed [illegible] stock on local exchanges here tonight sales of the shares selling as high as 4 cents. Authenticated reports say an option has been given on the claim [illegible] and activity is presumably due.

SANG TO THE TUNE $100,000

Special to the Gazette.

Deadwood, S. D., May 21.—It is understood that the 365 acres of mining ground that was sold to Colorado Springs parties on Saturday went for $100,000. This ground is in the best part of the northern Black Hills and it is considered that the Colorado people got the ground for a song. No development work will be necessary whatever for there is enough ore blocked out to run a 100 ton cyanide plant five or more years. The parties who got the ground have advised their agent in this city to get up plans for a 100-ton cyanide plant right away. It is stated that those who are interested in this deal are D. M. Iliff, H. A. Wattson, J. K. Vanatta, C. L. Duskee, W. G. Moore and others of Colorado Springs and Cripple Creek. The manager of the Spanish M. & M. company, who is in Deadwood now, states that the new cyanide plant will have a crushing capacity for 100 tons and at the start turn out 200 tons and at the rate of 100 tons per day. The consummation of this deal means [illegible] good cyanide ground by the Colorado people. There are eight or ten camps in Lawrence county in which special attention has been given to the low grade ore with a view to determining its adaptability to the cyanide process. As yet there has been no advance in the price of mining ground in any of the mining districts. The price paid for the Spanish company's ground was about $[illegible],000 per claim, some of the locations being patented ground. This price also includes a cyanide plant and every one of the locations has been more or less developed. A competent mining expert from Colorado estimated that the [illegible] million dollars worth of gold ore blocked out in this Ragged Top group which has been purchased by the Spanish company.

It is stated that Colorado parties have bonded the rich Dakota Maid property in Strawberry gulch six miles east of [illegible]. The bid [illegible] a very large amount of ore and it is now considered one of the best propositions offered for capital. The mine has probably the largest amount of low grade of any other mine in the Hills. Over $100,000 has been expended in developing the ore bodies.

DELANY & DELANY'S MARKET LETTER

After [illegible] fluctuations the market for the past week has been one of general stability, prices being practically at a standstill.

El Paso is steadily gaining on the street, [illegible] on the property. The main shaft is being sunk rapidly and it is the intention of putting it down about 700 feet at which depth it will fully demonstrate the true value of Beacon hill and surrounding [illegible] more than ever before.

Lexington is again under eruption on the report of rich ore being encountered but at any rate it affords [illegible] many anxious moments. M. J. T. and Golden [illegible] affording lots of noise in the pits but no [illegible] and one eighth of a cent [illegible] the disturbance.

Independence T. & M. suffered a decline the past few days but we believe it is one of the most attractive investments in the [illegible] of the few law-suits which they are sure to win it will go far at once. Many [illegible] transactions as well as the control of companies being absorbed seem to be the order of the day, and the scheme of consolidation [illegible].

We still may issue the [illegible] to investigate carefully the merits of Squaw mountain [illegible] responsible parties unprejudiced.

There are many stocks selling far below [illegible] value which will surely [illegible] over the present [illegible] amount of work being done on that hill besides some shipping too. Will eventually have its effect [illegible] this hint is a good one. We urge you strongly the purchase of all stocks on [illegible] and many others that seemingly are dull. By doing this and holding for awhile—not realizing there is no money in it except for the broker—you will [illegible] realize the [illegible] making money out of Cripple Creek.

WE MUST REPEAT

When Everybody in Colorado Springs Tells the Same Story.

It is hard to say how strongly we should speak about Doan's Kidney Pills. They cure backache and aching back, the sufferer from kidney disorders and the troubles of those who think they suffer from bladder disease are unfortunate in their action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case.

Mr. Otto Rupp of 416 East Huerfano street, says: When I contracted a cold it either weakened or over-excited my kidneys and as a result I was annoyed by a dull ache in the loins, accompanied by a lame feeling in the back. Kidney secretions also gave me trouble. Hearing of Doan's Kidney Pills I procured a box at Smith Wilson Drug Co.'s store, 31 North Tejon street and took it. Much to my surprise and more to my gratification, I was not long in finding that they immediately helped me and the weakness or over-excitement of my kidneys passed away.

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Look Out for a Big Market.

Notwithstanding Stocks have advanced strongly during the past two weeks, a greater advance will surely come. Prices are still low in the case of many of the really meritorious Stocks. Those who were waiting for "the bottom of the market" a few weeks ago, now see the short-sightedness of such a course. It is infinitely better to buy within half a cent of a cent of the bottom than it is to wait and then buy several cents higher. Those few cents would now represent a good profit had you not waited "for the bottom." There are many good purchases on the list now. Write us, and we will give you our carefully-considered opinion.

A GOLD HILL SNAP.

A certain Gold Hill Stock represents one of the best "buys" on the list, in our opinion. The company is soundly managed, and owns a fine claim on the very richest part of Gold Hill. The two sets of lessees now working this claim have ore. The Stock is cheap and is a snap at [illegible]

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, May 21.—The market opened on the Colorado Springs mining stock exchange today in practically the same condition that it was during last week. Fractional gains are noticed, and also a few fractional declines, together with the light trading which has characterized the market for some time. The mines list is the most prosperous one so far as the trading is concerned, and prices held up very well; but even there the trading is spotty. The prospects are not quite so inactive as they were on many of the days last week, but all the unlisted stocks are stagnant.

The features are limited to number: Portland, which sold at $3 in the morning, was not traded in on the second call of the day, but the price can be said to have advanced because there was $3.05 bid for the stock, held at $3.20. It is interesting to note that every time Portland stock advances five cents, the valuation of the company is increased $100,000. This price has been added to it today. Black Bello was a fair trader, selling up to 11½, and Isabella was very strong, advancing to $1.23½. Lexington was fractional weaker, selling at 18¾, while Vindicator sold quite well at $1.10, although $1.13½ was bid for the stock afterwards. In the other departments, Little Nell, Maria A., Independence T. and M., Monarch and Favorite are all strong.

The sales for the day were light. The number of shares which changed hands was 339,153, the cash value of which amounted to $71,979.25.

BLOOD POISON,

Mercury and Potash Make Wrecks, Not Cures

In some cases the external signs of Contagious Blood Poison are so slight that the victim is firmly within the grave of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored splotches, and falling hair and eyebrows give no room for doubt, as these are all unmistakable signs of Contagious Blood Poison.

Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial rheumatism and the most offensive sores and ulcers, causing the joints to stiffen and finger nails to drop off. Mercury and potash make wrecks, not cures, and those who have been dosed with these drugs are never after free from aches and pain.

S. S. S. acts in an entirely different manner, being a purely vegetable remedy; it forces the poison out of the system, and instead of tearing down, builds up and invigorates the general health. S. S. S. is the only antidote for this specific virus, and therefore the only cure for Contagious Blood Poison. No matter in what stage or how hopeless the case may appear, even though pronounced incurable by the doctors, S. S. S. can be relied upon to produce a rapid permanent cure. S. S. S. is a new, untried remedy; an experience of nearly fifty years has proven it a sure and unfailing cure for this disease. It is the only purely vegetable blood medicine known.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I was afflicted with a terrible blood disease which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. [illegible] doctors could do me no good and I spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was again entirely well, and my skin as clear as a piece of glass."

$2,250,000

Was the output in gold of the Cripple Creek mines for the month of March. This is at the rate of $27,000,000 for the year 1900. Unless the threatened shut-down of many mines occurs, on account of excessive transportation and reduction charges, the output will exceed $27,000,000, and may reach $30,000,000. This is a wonderful record for a district only nine years old, but it is only the beginning. The number of producing and dividend paying mines is steadily increasing and it will be years before the maximum output of the mines is reached.

WHY ARE PRICES FALLING?

I am receiving numerous inquiries from all over the United States, why many stocks are falling in price in spite of the splendid condition of the mines. INFLATION IS THE CAUSE. Owing to this splendid condition of the mines, owing to the immense output of gold from the good mines, it has been possible for some companies to float their stocks at far above the intrinsic value of their properties. Other stocks have advanced through sympathy with good stocks or through shrewd manipulation, far beyond any price warranted by the development, present condition or future prospects of their mining claims. These fictitious valuations could not be maintained and a reaction was inevitable. Nicely worded prospectuses filled with "glittering generalities" and extravagant promises may sell stock, reports of big strikes and exhibits of high assays may satisfy the purchaser for a time, but soon or late, the truth becomes known. If a claim is shipping a few tons of ore per month, the agony is often prolonged and the public led to believe that another dividend payer is budding out.

It is the flotation of so many of these inflated stocks that is causing a steady drop in prices, and the threatened shut-down of the mines is not the prime cause, but only gives another shove.

The market moves up or down usually as a whole. Many good stocks have been caught in the general downward movement and are selling far below their actual value. These stocks will react and are now splendid investments.

WEED OUT YOUR INFLATED STOCKS

The inflated stocks are going down. Hang on to them, hoping for a rise, that [illegible] will hurt. Among the most inflated stocks on the list, in my opinion, are STRONG, ATLANTIC, COLORADO CITY AND MANITOU, GOLD SOVEREIGN, LEXINGTON, NATIONAL, PAPPOOSE, POINTER and VOLCANO.
